

“Doctors of Philanthropy”

At this year’s annual meeting several donors were recognized for their outstanding contributions to Baptist Health Care and for their overall commitment to the Foundation. Each of these individuals has a long history of significant giving to the Foundation and has a long history of caring for others in their community. They all demonstrate the true spirit of philanthropy through giving. As such, each was bestowed the honorary title of “Doctor of Philanthropy” by board chairman Larry Bowyer. Each recipient was given a white doctor’s coat embroidered with their name by a Foundation board member to commemorate the occasion. The Doctors of Philanthropy, Class of 2007 are Ted and Natalie Ciano, Bill and Ann Hunt, Jane Kugelman, Neal and Lianna Nash, and Luther and Kathy Taylor.
